**Response to Congressman Louie Gohmert's statement about Imran Awan**

**Washington, D.C.:** Mr. Gohmert's reprehensible statement about Imran Awan serves as a prime example of the complete loss of honor and dignity by too many elected officials in this country. While this statement may present a wonderful fundraising opportunity for Mr. Gohmert, it is beyond disingenuous. Mr. Gohmert has never met Imran Awan, he is not part of the investigation, and he clearly does not know the facts of the case. It is equally concerning that media outlets would print such a false statement without checking the underlying facts. The outrageous conspiracy theorists driving a false narrative through the press should be reminded that Imran Awan is a husband and a father, not a political pawn.
